

Press Release
20 September 2011

Prepare for Winter! - Free advice on how to save on your energy bills

With rising fuel costs and winter on the way, Hackney Homes are working in partnership with Climate Energy to help advise residents how to save money and stay warm by offering:

- ✓ **A free home visit** offering independent advice on how to reduce fuel bills
- ✓ **Installation of free water saving measures** that can help to reduce your energy and water bills
- ✓ **Information on special discounted fuel tariffs** for people on certain benefits
- ✓ **Details of grants to help with fuel debt** for people who owe money to their fuel supplier

For a free home visit – call 0800 980 9270 now

You will get expert advice and assistance on keeping your home warm and reducing your fuel bills and is completely independent of any sales schemes. It could save you over **£100** from your gas and electricity bills.

Climate Energy will have home visitors working in your area for a limited time only so please book early to avoid disappointment. Call **0800 980 9270** to book your visit, or for more information about the scheme.

Ends
