

Press release

26 March 2007

Log on and keep up to date about works to your block

Improving the interior and exterior of our properties is a priority for Hackney Homes. To make sure that residents are informed about any changes and how they will affect them, a brand new search facility is now available via the Hackney Homes website to check any works that are planned or currently ongoing.

Quick and easy to use, residents simply log into the website at www.hackneyhomes.org.uk, navigate to the Decent Homes area and click on the search database, type in their address or postcode, hit search and the results are displayed.

The search facility is also available in Turkish and will shortly be available in Bengali, French and Cantonese.

If you are a leaseholder and want to find out more about what Decent Homes works are happening to your block, call the Hackney Homes major works section on 020 8356 2400.

For any other questions, call the Housing Contact Centre on 020 8356 3691 or email decent.homes@hackneyhomes.org.uk

Notes for Editors

- **Decent Homes Programme** is Hackney Homes' largest housing renewal project. It is improving thousands of homes to make sure every Hackney Homes property meets the Decent Homes standard by 2010.
- **Planned Maintenance Programme** is a separate programme of maintenance and replacement works aimed at keeping Hackney Homes properties at the Decent Homes standard.
- The search database allows residents to search for both Decent Homes and Planned Maintenance work planned for their block.
