

Press release

14 May 2007

Have your say about resident involvement in Hackney

Hackney Homes is committed to involving residents in decisions about their homes and environment.

That is why we have been speaking to residents over the past few months to get their views on how they would like to get involved. A range of options are available which cover borough wide involvement, neighbourhood specific involvement and local and estate level involvement.

Hackney Homes currently offers a wide range of options for residents to get involved including estate committees, tenant and resident associations, mystery shopping programmes, focus groups and surveys. We want to make sure there is the right mix of involvement options for residents.

Residents can come along to an event on Thursday 24th May at Morley Hall in Mare Street to have their say on these different options. The event will run from 2pm and 4pm and in the evening from 6pm to 8pm.

All attendees will be entered into a draw to win a state of the art widescreen television.
